Tape quality is OK but the audio is difficult to make out due to the challenge of recording voices in an auditorium. No event is complete due to cassette flips and difficulties while digitizing. All things considered, I just dropped them into one long episode.

I have been collecting audio recordings of LHS events from the 1970s and transferring them to audio compact disks. The original recordings are on vinyl albums and cassettes. The audio quality is usually quite acceptable, and there are a few fantastic recordings of key events.

I have acquired a wide range of '70s material with the help of several families: Murphy, Robson, Sugar, Mevec, McInerney (Verelley), McGee, Spadafore, Lohr.
